Subject: EPA's Clean Power Plan - Fact Sheets Now Available

Today, President Obama and EPA Administrator McCarthy will announce the Clean Power Plan - a historic and important step in reducing carbon pollution from power plants.

See the EPA following fact sheets at <http://www2.epa.gov/cleanpowerplan>:

- The Clean Power Plan Overview
- Clean Power Plan By The Numbers
- Benefits of a Cleaner, More Efficient Power Sector
- Clean Energy Incentive Program
- Built on a Solid Legal and Scientific Foundation

Dear State and Local Partners:

On August 3 at 5:00 p.m.(EDT), the U.S. Environmental Protection Agency will host a briefing regarding the Agency's Clean Power Plan aimed at protecting public health and the environment. As part of President Obama's Climate Action Plan, EPA's historic plan is designed to cut carbon pollution from power plants—the largest source of carbon pollution in the United States. EPA's Clean Power Plan will maintain an affordable, reliable energy system, while cutting pollution and protecting public health and the environment now and for future generations.

We invite you to join the **Clean Power Plan Briefing for State, Local and Tribal Governments**, during which time you will have the opportunity to ask questions of senior officials about this action and its public health benefits.

We anticipate a large number of participants on this call. ***Please dial in by 4:50 p.m. (EDT) to ensure your participation.*** Details of the call can be found below:

Participant Dial-in Number: (877) 290-8017

Conference ID#: 98554238

When: Monday, August 3, 2015

Time: 5:00 p.m. EDT

We encourage your participation – and please extend this invite to any interested state, local, and tribal officials. Additional information can be found on our website: www.epa.gov/cleanpowerplan. This site will be updated on August 3, 2015.
